

### **Preparation Sisterlocks® consultation**

Your hair is washed up to 24 hours in advance and is product-free.

- no hair fat /oils
- no conditioner or leave in conditioner
- no tight braids
- no tight hair accessories
- allow to air dry

### **Appointments and safety**

- Always wear a disposable type II face mask.
- Regarding your safety and that of your consultant, you are requested to take a covid self-test before your visit to your consultant and to send proof of the negative test to your consultant. The test must be done on the day of the appointment.
- If you are ill, make a new appointment.
- If you have corona-related complaints, make a new appointment with the consultant when you are better.

### **Consultation:**

During the consultation you will receive all information about Sisterlocks®. In addition, the following issues are discussed:

- Maintenance of your locks: washing, and maintenance of Sisterlocks®
- Your hair history and grooming routine.
- hair analysis according to the Sisterlocks® method
- costs of installation and retightening
- Payment terms
- Installation of test locks.
- Signing contract (if you actually proceed to installation)
- Appointment for installation

You wear the test locks that are installed with you for two weeks. In the two weeks you have washed your hair twice. It is important that these steps are checked so that your consultant applies the correct Sisterlocks® lock technique to you.

A consultation takes about 2 hours and costs €25,-. The payment must be made immediately after the consultation. This can be done in cash (exact change) or by means of a payment request via the bank.

Sincerely,

Rosaria Yasar-Hous
